JEREMIAH AUSTIN

Junior Software Developer | Front-End & Back-End Web Development

Big Spring, TX | (432) 517-7225 | overkill.489@gmail.com

github.com/overkill489

PROFESSIONAL SUMMARY

Junior software developer with internship experience building and deploying responsive web applications using React, Next.js, JavaScript, and Tailwind CSS. Additional experience with Node.js and Express.js. Skilled in REST API integration, reusable UI components, authentication, debugging, and deployment. Seeking an entry-level software development role.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3

Frameworks & Libraries: React, Next.js, Node.js, Express.js, Tailwind CSS, React Router

Tools & Platforms: Git, GitHub, Firebase Authentication, Firestore, Vercel, VS Code

Practices: REST APIs, Responsive Design, UI Development, Debugging, Client-Side Routing

EXPERIENCE

Skinstric AI | Front-End Development Intern | October 2026

- Built a responsive React application with multi-step onboarding, image selection, and interactive demographic analysis screens.
- Integrated cloud-hosted APIs and implemented client-side navigation, reusable components, and state-driven UI updates.
- Improved animations and mobile layouts; resolved build and dependency issues to deploy the application on Vercel.

SELECTED PROJECTS

AI Skin Analysis Application | React, JavaScript, Tailwind CSS, REST APIs

- Developed a multi-page experience with animated UI elements, image input, interactive demographic results, and responsive design.
